

Nurse Entrepreneur

APRN

An advanced practice pediatric nurse entrepreneur is a creative self-starter who translates their clinical expertise into a successful business in the health care industry. They identify needs then create solutions. Starting their own clinic, developing software, or offering coaching or concierge services are just a few examples.

Able to network and create relationships in their community and beyond

Self-motivated, focused, and goal-oriented

Adventurous: Understands risks and not afraid to take them

Keywords

- Financial savvy / business-minded
- Autonomous
- Able to cultivate followship to manage staff
- Versatile, able to adapt to change

Career Steps

1

Complete a minimum of 1 year as a pediatric RN.

2

Obtain your masters (MSN) or doctorate of nursing practice (DNP) degree as a PNP from an accredited university. Pass your national certification exam and apply for state licensure as an advanced practice registered nurse (APRN).

3

Find employment as an APRN, preferably in a area you are passionate about, or an area in which you would like to focus in as an entrepreneur.

4

Seek continuing education, conferences, and additional certifications to increase your pediatric clinical expertise and promote reputability (i.e., PNCB's Pediatric Primary Care Mental Health Specialist certification).

5

Shadow entrepreneurs in your area of interest, and find entrepreneur mentors. Consider joining a membership organization.

6

Create a business plan and secure funding to launch your business. Grow your company by marketing and staying current on best practices for business.
