

# Transition to Practice Program Coordinator

As a Transition to Practice Program Coordinator, you will be responsible for overseeing all aspects of the nurse residency program. These can include strategic planning, recruitment, development of an evidence-based nursing curriculum, placement of nurse residents or fellows with appropriate preceptors, as well as communicating and collaborating with relevant stakeholders. The coordinator also ensures that the program achieves measurable outcomes.

Excellent interpersonal skills

Designs educational curriculum and assessment

Effective organizer, planner, and evaluator

Expert knowledge of current evidence-based nursing practice and care delivery systems

## Keywords

- Team Leader
- Evidence-based practice
- Interdisciplinary Collaboration
- Life-long learner
